- 26/097 Declarations of Interest:** None
- 26/098 Public Forum:** No members of the public were in attendance. A member of the public had emailed comments: I have no issue at all with the proposals for Orchard Bungalow. Regarding Munslow House, it looks as if the alteration proposals are in the hands of a competent historical adviser and from my understanding of the documents I have no issue with the alterations. The proposed external and internal alterations to the property appear to restore and update it: bring it into the 21st century and appear appropriate for today's living. The proposals appear to reflect the age of the property, are in keeping and enhance its character. I would support the application.
